

MARRIAGE COMES AS BIG SURPRISE

MISS HALLYE NELSON BECOMES BRIDE OF DR. C. S. BLACK, OF WARREN IND., WEDNESDAY AFTERNOON.

THE SERVICE AT 1 O'CLOCK

The marriage of Miss Hallye Nelson, daughter of Mr. and Mrs. James I. Nelson, and Dr. Claude Black, of Warren, Ind., occurred on Wednesday at 1 o'clock at the home of the bride's parents, East Washington street. The ceremony was performed by the Rev. Beck of Locust street church. The only witnesses of the marriage were the immediate members of the bride's family.

Immediately after the marriage the bride and groom left for Westfield where they will spend their honeymoon. They will be at their home in Warren after the first of next week.

Miss Nelson completely surprised many friends in her marriage. She had not made any of her plans known to her friends. The bride was one of Greencastle's most popular young women. Dr. Black is a prominent young physician. Miss Nelson met Dr. Black while he was attending medical school in Indianapolis. Miss Nelson at that time was studying music in Indianapolis.

EVEN A CHANCE BY JUDGE

Verne Twigg, the local painter, was arrested at noon Wednesday by Deputy Sheriff Mike Kelley, as he was painting the roof of the White house, and taken to jail where he must serve a sentence of 30 days in jail and pay a fine of \$25 for bad desertion.

Twigg was before John H. James, special juvenile judge, on Oct. 15, and was sentenced to 30 days in jail and to pay a fine of \$25 for failure to provide for his children. The judge, on the promise of Twigg to pay \$3.50 each month to Juvenile Officer Dalby, which was to go toward the support of his children, ordered to enforce the sentence. Twigg paid \$3.50 the first week but failed to pay after that. Because of his failure to comply with the order of the court he was arrested. Twigg lives on Hanna street. His wife and one daughter are now confined to their beds by illness. Twigg, it is said, failed to support them properly.

ANOTHER CASE OF TYPHOID AT FRAT HOUSE

Bruce Kixmiller, a member of the Phi Gam fraternity, was sent to his home in Bicknell Wed. morn by Dr. Hutcheson, the attending physician threatened with typhoid fever. One of his fraternity brothers accompanied Kixmiller to home.

Kixmiller is the sixth member of the Phi Gam fraternity, who has been either ill of typhoid or threatened with the fever, in the last three weeks.

THE DEMOCRATS TAKE OFFICE

Changes in the state offices will begin this month. The term of the state statistician expires Nov. 21; auditor, Nov. 24; secretary of state, Nov. 27; treasurer, Feb. 10; superintendent, March 21; clerk of Supreme Court and attorney general, April 1; members of Appellate Court, Jan. 1; two members of Supreme Court the first Monday in January.

LESSON IN GEOGRAPHY.

A new lesson for the class in geography: Parke county is bounded by Fountain and Montgomery (Democratic) on the north; Putnam, (Democratic) on the south; Clay and Vermillion (Democratic) on the west; and Cheever up Republicans of Parke Rockville Tribune.

COUNTRY PRODUCE IS STILL SOARING

Every now and then some one rises to remark that the poultry business and the dairy business in Putnam county is about to be overdone. Just now this does not seem true. With eggs retailing at 30 cents and these eggs often of the cold storage variety that are not above suspicion when they appear at the breakfast table, and with butter at 35 cents and the supply limited even at this price, the business still seems to be open to a considerable number of persons. Of course this does not mean that more persons must raise chickens and milk cows. This is not the point. Three-fourths of chickens in the county will not lay an egg from Nov. till March and much of the butter that is made is not up to the 35 cent standard. But there is plenty of room for the poultry raiser who knows his business, and for the dairyman who can make butter and produce clean milk. The business is not overdone in Putnam and it will be many years before it is overdone. The good cow and the flourishing flock of hens can be counted on as many producers.

GO AFTER THE FESTIVE QUAIL

MANY GREENCASTLE NIMRODS ARE IN THE COUNTRY FOR THE OPENING OF THE SEASON.

DUCKS ALSO ARE GAME

Thursday the day for the law abiding huntsman of Greencastle and Putnam county. At various times through the day he has shouldered his gun and hastened to the fields and woods, not to commune with nature but to hunt the quail in his native wilds. The day was ideal. The rain that night made the scent lie well, the air was just cool enough to make rapid walking enjoyable, and the birds, so all reports have it are numerous. In fact the season must have been very propitious as seldom have the coveys been more numerous or larger. Quail have not the whole field to themselves, however, as ducks are now being shot along Deer Creek and Big Walnut. Early this morning Elmer Long, visited the stone quarry and luckily bagged four fine pin tail ducks. Others had good luck also, as the ducks are unusually numerous on the small bodies of water.

YOUNG PEOPLE PLAN FOR OLD FOLK'S SERVICE

The cabinet of the Locust Street Epworth League met last night to plan for their annual Old People's Service to be held Sunday, Nov. 20th. They purpose making this a great day. Numerous committees were appointed to make preparations. Conveyances will be sent to bring in all who do not have any way to come. Easy chairs and cushions will be provided. The service will begin at 10 o'clock. Old hymns will be sung a short sermon preached, and an old fashioned love feast participated in by all. It certainly will be a day to be enjoyed both by the young and the old.

BIRTHDAY SURPRISE FOR DR. G. W. BENCE.

Dr. Bence was more than surprised Friday noon when he entered his home for dinner to find a party of friends and relatives gathered at a turkey dinner in honor of his 64th birthday anniversary. The affair was planned by Mrs. Bence and kept secret from him until noon. When asked that evening as to his age, Dr. Bence was rather bashful, but finally admitted that he was 64 years of age. The guests were Mr. and Mrs. Wm. Houck, Mrs. Shepperd, John Bence, Mrs. Florence Ferrand, Mr. and Mrs. Gautier and Mrs. E. B. Doll. It was also the 38th birthday anniversary of C. C. Gautier.

SOME STORIES OF THE ELECTION

RIDICULOUS HAPPENINGS OF THE LAST ELECTION IN THIS CITY AND PUTNAM COUNTY.

TWO FOWLS LOOKED ALIKE

Perhaps no election of recent years has been so replete with laughable incidents as that just past. One of the funniest, from the standpoint of the Democrats, happened in the Fox Ridge precinct. It appears that a Republican who was giving his services and also the services of his horse and buggy to the cause had gone to the A. & C. Quarries and brought two Italians to the polls. It was expected that the men would vote the Republican ticket. They, however, seemed to expect something else. For a considerable time they stood about in expectancy, then grew nervous. Finally the spokesman remarked, "No-a de mon. No-a de whisk-a. No-a de seegar. Kill-a de chick de tree-a time," and he bolted for the booth determined to cast a straight Democratic ballot.

In another precinct a man who had drawn upon his private supply of booze before coming to the polls became confused in the booth. After staying a long time in the booth he thrust his head out and remarked, "Shay, can't tell difference between rooster and ze buzzard. Both look alike to me. Some body come show a feller which is wish." And the clerks obligingly pointed out the difference between the two fowls that represented the Democratic and Republican parties.

The counting of the ballots revealed many laughable mistakes. In the south precinct of the second ward, on the very edge of Seminary street, there were several Republican ballots in which the first square, opposite the name of Guley, was marked and all the rest of the ticket blank. Evidently the voters had marked this square under the impression that they were voting a straight Republican ticket.

Another error found several times was the voting of a straight ticket by marking an emblem at the top of the ticket, and then attempting to mark off the ticket with the pencil the men against whom the voter had a grudge. Of course this invalidated the ballot.

In Warren township several ballots were thrown out by the judges because in making the X in the emblem the ends of the X had been drawn beyond the edges of the ring about the emblem.

ILLNESS DELAYS THE BANK CASE

TRIAL IN TERRE HAUTE OF RUDY BURKETT VS. FIRST NATIONAL BANK, IS CONTINGENT.

A JURORS PARENT IS SICK

The trial of Rudy H. Burkett, administrator of the estate of Elzeaphus Thomas, against the First National Bank of Greencastle, was temporarily discontinued Tuesday in the Vigo county circuit court on account of the illness of a juror's parent.

William A. Shores, of Fayette township, was unable to be present for the court session because of the sickness of his mother, who is 98 years old. When this was learned Acting Circuit Judge, Fred Beal dismissed the jury until Wednesday morning.

The case, which was venued to Vigo county from Parke county after having been venued there from Putnam county, concerns an alleged deposit of \$3,445 in the bank made almost a quarter of a century ago. The bank denies the deposit.—Terre Haute Tribune.

DOCTORS HAVE GREAT TIME AT BRAZIL

Semi-Annual Session of the Fifth District Medical Society Held Friday.

The third semi-annual session of the medical society of the Fifth Congressional District, which was held in the Elks' hall in this city Friday afternoon and last evening, was the largest and most successful meeting the association has yet held.

Almost fifty physicians from all parts of the district were in attendance and unusual feature was that every physician who was on the program was present and presented his paper. The afternoon and night session were devoted to the reading of the papers and the discussion and at the close of the program the medics repaired to the Marvie Cafe, where they enjoyed an excellent banquet.—Brazil News.

Dr. Chas. Sudranski of Greencastle gave a paper on "The Palliative Treatment of Prostatic Hypertrophy," which was much appreciated by the physicians. Among those present besides Dr. Sudranski, Dr. Hawkins of this town and Dr. A. B. Lockridge of Rockville. The next session of the association will be held in Terre Haute in April, 1911.

HE MAY CONTEST THE ELECTION

SOME TALK OF JASPER MILLER, DEFEATED CANDIDATE FOR TREASURER, ASKING A RECOUNT OF THE VOTE.

ACTION HARDLY PROBABLE

Although there is a possibility that Jasper Miller, defeated candidate for County Treasurer, will contest the election of Arthur Reat it is generally believed that he will not do so. Mr. Miller Wed. stated that he had advised with his attorney regarding such a move, but as yet he had not definitely decided what he would do. His attitude in the matter, however, indicated that he probably would accept his defeat without a contest.

Mr. Miller was defeated by a majority of 9 votes. The election commissioners, when they realized that the vote was going to be very close, audited the vote of Mr. Miller very thoroughly, checking it over numerous times so as to avoid any possibility of a mistake. There is little probability that there would be any change in a recount, unless some of the ballots which were thrown out by the election boards should be declared valid ballots.

It is generally believed that should the contested ballots be gone over there would be little if any change in the vote of the county. A few Democratic ballots which were thrown out might be found to be valid but a similar proportion of Republican ballots, also, probably would be found to be valid. The general belief is that there is little probability of contest.

GIVEN 10 DAYS BY LAW

If Jasper Miller, defeated candidate for Treasurer of Putnam county decides to contest the election of Arthur Reat, the Republican candidate, he must file his notice of contest by Saturday. The law gives a candidate 10 days within which to file his notice of contest and unless the notice is filed within that time, no contest can be taken.

Mr. Miller stated Wed. that he had not fully decided whether he would contest or not. He has secured an attorney and the matter will be thoroughly gone over before any definite step is taken.

A. O. Winders and family, of Reelsville, are moving to Horace, Ill., and will make that town their future home.

ASKS \$3,345 OF FIRST NATIONAL

BANK DENIES DEPOSIT OF MONEY WHICH R. BURKETT ADMINISTRATOR OF ESTATE OF E. THOMAS, IS SUING TO RECOVER.—CASE AN UNUSUAL ONE.

CASE ON TRIAL IN VIGO

One of the most unusual suits ever filed in an Indiana court in which a bank is virtually accused of conversion commenced trial in the Vigo county circuit court Saturday. The case will be up a portion of the regular court vacation between the September and November terms.

Rudy H. Burkett, administrator of the estate of Elzeaphus Thomas, of Putnam county, is suing the First National Bank of Greencastle for the recovery of \$3,345 which he alleges was deposited by the deceased in the bank at two different times almost a quarter of a century ago. The bank denies the deposit.

The suit has been pending since 1904 and was venued to the Vigo county circuit court from the Clay county circuit court at Brazil. Previously it had been venued from the Putnam county circuit court where it was originally filed, to the Clay county circuit court.

Elzeaphus Thomas, who died in 1889, is asserted to have deposited \$745 in the Greencastle bank in 1886 and \$2,700 in 1887. He is said to have taken deposit memorandum for both sums and to have afterward lost them. When he died in 1889 his son, John H. Thomas, and his son-in-law, George W. Cooper, were appointed administrators of the estate, which was valued at \$50,000. They performed their duties but had no knowledge of the alleged deposit of the \$3,345 in the Greencastle bank, the supposed deposit slips being lost and the bank saying nothing in regard to the alleged deposit.

With the disposal of the remainder of the estate the administrators were discharged thinking that they had disposed of the property of the dead capitalist.

In 1904, according to the plaintiff heirs of the original estate learned from one of the bank directors that there was a large amount of money on deposit in the Greencastle bank which had been placed there in 1886 and 1887 by Thomas. Heirs of the dead capitalist began an investigation and secured evidence which led them to believe that the money had been deposited by their ancestor. Attempts to settle with the bank failing the appointment of Rudy H. Burkett as administrator of property not heretofore administered was secured and suit for recovery of the alleged deposits was commenced.

The case was commenced in the local circuit court Saturday, the time being given to ascertaining the present status of the case and preparations for the taking of evidence. Fred W. Beal of Terre Haute, will act as special judge in the case.—Terre Haute Tribune.

ORDEMAN THROWS ROLLER

MINNEAPOLIS, Nov. 15.—Henry Ordeman, American champion, defeated Dr. B. F. Roller, of Seattle, last night in a wrestling match that proved one of the best mat bouts ever staged in Minneapolis.

Ordeman took the first and third falls, Roller winning the second fall. The first fall was gained in 20:45, Ordeman forcing Roller down with a reverse nelson. Roller took the second fall with a hammer-lock and body, hold in 38:16. Ordeman swung the big surgeon off his feet and pinned his shoulders to the pad for the third fall in four minutes.

MILK WAR IN CLOVERDALE.

Last week the owners of cows in Cloverdale raised the price of milk to 7 cents per quart. The buyers objected and threatened to call the attention of the State Board of Health to the barns in which the cows were kept. In reply an owner calls attention to the present high cost of cow living which is as follows according to the Cloverdale Graphic:

You remember a few years ago when hay was worth four or five dollars a ton, and bran was worth fifty cents a hundred pounds, milk sold for five cents per quart and nobody got rich. Now, when hay sells at twelve to fifteen dollars a ton, and bran at \$1.30 a hundred pounds, why should the price of milk not be raised only two cents on the quart?

I notice the article said forty dollars would keep a cow one year. It ought to, but the cost of keeping a cow one year will not be less than seventy dollars not counting taxes, barn rent, cost of cow, and the time put in each day. It cost one party of Cloverdale people seventy-five dollars to keep a cow last year. Such a fact is not at all uncommon.

MOSS CARRIES FIVE OF SEVEN

FIFTH DISTRICT NO LONGER REPUBLICAN AND DOES NOT NOW NEED REDISTRICTING

MOSS PLURALITY WAS 7,532

Before the election the Republicans used as an argument that if the Democrats were elected they would Gerrymander this district so that we could not have another Republican congressman for twenty years, but judging from the returns there is no need for this and the district which for years and years was regarded as sure Republican has now shifted and is now known as normally Democratic. With the majority that Moss has it is clearly unnecessary to Gerrymander either Parke or Hendricks out of the district. Hendricks county which is regarded as "sure" Republican majorities every time from 800 to 1,000 is now the "mysterious stranger," being Democratic by a slight majority.—Brazil Times.

ENTERTAIN AT FIVE HUNDRED.

Mr. and Mrs. J. A. Bryan entertained a number of friends at five hundred, Thursday evening at their home on south Indiana street. After the cards, delicious refreshments of sandwiches, pumpkin pie, coffee, cake and cream oysters were served. The guests were Mr. and Mrs. Chas. Leuteke, Chas. Moore, Miss Hattie Leuteke, Cecil Jenkins, Miss Nellie Leuteke, Mr. and Mrs. James Hamilton, Dr. and Mrs. Hawkins, and Mr. and Mrs. Wm. Grogan.

ROSS HOUCK ELECTED.

Telegrams have been received here announcing the election of Ross Houck, of Muskogee, Okla., to the office of County Clerk of Muskogee County. Ross Houck is the son of John W. Houck, ex-clerk of Putnam county, who moved to Oklahoma a few years ago. Ross served as deputy for his father here and after going to Oklahoma was employed as deputy clerk there. Muskogee county is normally 1200 Republican but Ross was elected by a majority of near 1000.

their arrest was given a railroad ticket to his home by Officer Dalby with the understanding that he was to get enough money to pay for the other boy "Zolly" fare and send it here. The boy was true to his word and sent the money. However, there was some delay in the money getting into the right hands and it was not until Wednesday evening that Marshal Johns sent the boy home. Thursday morning Marshal Johns received a letter from George, written in a crude manner wanting to know why "Zolly" had not been sent home. The boy "Zolly" is a Pole and it was impossible to find out his right name. In the letter it seemed that George was worried over the failure of "Zolly" to make his appearance at home and as a true comrade was investigating.

LY ONE COURSE TO TAKE FARMER TO BE POLICE

INDIANAPOLIS, Ind., Nov. 12.—Work of canvassing the official cast at last Tuesday's election now in progress in the Governor's office in charge of Secretary State Sims. At the close of day's work thirty-five counties have been officially tabulated and twenty-one others had sent in their returns complete. The work was set up again the first thing this morning, and will be continued until all returns in hand are tabulated. It is not expected that all counties will have been heard in by that time, and the official returns will probably be delayed until Monday or Tuesday.

While this count is going on the Democratic workers and leaders are working to Indianapolis with their eyes on appointments in the State and the next General Assembly. Governor Marshall's rooms have been thronged with enthusiastic Democrats who have called to their congratulations and to ask a word in behalf of aspiring candidates.

Chief among the topics of discussion in Indianapolis is the organization of the next House of Representatives. Many candidates for the Speakership have sprung up, their friends are actively urging their claim. For the first time several years both branches of the Legislature will be controlled by the Democrats, with a Democratic Governor to approve or veto measures passed by this assembly. Governor Marshall and the Democratic leaders realize the responsibility which is thus put upon them and will do their best to build up a solid foundation for the winter's work by seeing that the House is ably and efficiently organized.

Governor Marshall is telling his friends that since the people of Indiana have responded to the call of democracy, that it is up to the leaders to get down to brass tacks and make good. This and this alone, leader agree, is the course to pursue.

Eighty-five members of the Farmers' Fish and Game Protective Association, an organization which has as its object more stringent laws for the protection of game in Indiana, met Thursday afternoon at the Lorraine hotel at Indianapolis and elected officers. They are as follows:

President—Sterling R. Holt.
Secretary—E. E. Earle.
Executive Committee—Wm. Watson Wolcott, Addison C. Harris and W. G. Oliver.

All of the officers except Mr. Oliver are Indianapolis men. Mr. Oliver is mayor of Franklin and a large land owner. All of the members of the organization are owners of land and most of them are farmers. Mr. Earle, the secretary, was formerly chief deputy state fish and game commissioner.

The chief object of the association is to put through the next legislature a bill prohibiting the killing of quail for five years. To enforce this law properly it is proposed to make every farmer of the state a special police officer, with power to arrest any man found hunting illegally on his own or his neighbor's farm. It is proposed to give these special officers power to arrest without warrants and to limit their jurisdiction to the township within which they live.

Farmers allege that often hunters enter upon their farms illegally but because they do not know their names they cannot file affidavits and the law breakers escape.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all dealers.

GIVES VIEWS OF PULPIT PREACHING

PRESIDENT McCONNELL OF DEPAUW IS PLAIN IN HIS TALK TO MINISTERS.

FAILURE AS ENTERTAINMENT

TERRE HAUTE, Ind., Nov. 12.—President F. J. McConnell, of DePauw, came over to Terre Haute to meet the new ministers of the Methodist denomination and talked to about thirty of them. Among other things he said: "Ministers should not attempt to be entertainers in the pulpit. The average minister is a failure at it and can not compare with the professional entertainers. Ministers too often try to make themselves understood on a point they do not themselves understand. There is a minister who sees a school superintendent, a professional man and a few others of culture in his congregation, and who endeavors to impress them with his own ability. He talks in large chunks of rhetoric and wastes time with meaningless phrases. He should make simple statements to be understood by all.

"Any earnest man in the pulpit who can not, in fifty-two Sundays in the year, appeal to each member of his congregation, should get into another line. Heresy is rare. I have known only a few genuine cases. The day of old-fashioned oratory has passed. It is not fair in a minister who likes the sound of his own voice to preach for his own pleasure."

As to church management, President McConnell said there is need of the active business men in conducting the church affairs. Women, he said, had always played a more important part than men, but he was glad to see a change. He said women were not the worst gossip, added: "For real gossip you must get the man who wears his sensitiveness around on his sleeve, and he will spread more scandal than you could imagine."

SECOND SCHOOL MONTH REPORT

The Greencastle Public Schools closed the second month last Friday. The Superintendent's collation of the teachers' report, shows it to have been a fine month as measured by the attendance. There were but few pupils who failed to be in places, and they must have been lonesome, and ashamed, if it was the result of carelessness. The record of attendance as to average daily, the actually punctual and tardiness follows:

GREENCASTLE MAN INJURED IN WRECK

FRANK SLUSSER, AN INTERURBAN MOTORMAN, HURT WHEN HIS CAR CRASHED INTO A STREET CAR AT TERRE HAUTE.

BROUGHT HOME YESTERDAY

The Terre Haute Tribune gives the following account of a wreck that occurred at Terre Haute, Saturday evening, in which Frank Slusser, an interurban motorman, living on east Hanna street, this town, was painfully injured:

"Frank Slusser, a motorman of Greencastle, Ind., was severely injured, and John Murray, a passenger, of Brazil, was slightly injured in a crash of Highland Lawn City car No. 79 and the second section of interurban train No. 35 from Indianapolis, at the Highland Lawn switch about 7:30 Saturday night.

"Dr. M. R. Combs was summoned from Terre Haute in an automobile and took Slusser to the Union hospital, where an investigation revealed that the man had suffered slight concussion of the brain, in addition to cuts from flying glass. He received a deep gash over the right eye, a cut on top of the head and several minor slashes from broken glass in addition to bruises about the body.

"City car No. 79, in charge of Conductor Howard Harris and Motorman M. Ritsch, had reached the switch at Highland Lawn. Harris was reversing the trolley when the interurban train swung around the sharp curve east of the switch and bore down on the city car. Harris yelled at the motorman of the oncoming car and jumped. Slusser the interurban motorman, saw the great danger and applied the brakes just too late to avert the crash.

"The entire vestibule of the city car was torn off in the compact and the glass and frame front of the interurban telescoped.

"The wrecked interurban due in Terre Haute at 7:30, left Greencastle twenty minutes late and was still twenty minutes behind time when the wreck occurred. The wrecked cars were pulled into the traction barns and the passengers on the interurban were transferred to train No. 107, due in Terre Haute at 7:45 which was following close behind.

"Murray was the only one of the thirty odd passengers who was injured beyond a good shaking up. General Manager T. F. Grover and Trainmaster George Boswell went immediately to the scene of the accident and saw to getting the passengers into the city as soon as possible. No. 170 was about an hour late arriving in the city."

Mrs. Slusser and Mrs. Slusser's mother, of Huntington, who is here visiting Mr. and Mrs. Slusser were called to Terre Haute immediately after the accident. They accompanied Mr. Slusser home Sunday afternoon. He was resting well late Sunday evening, but was not quite so well this morning. He is painfully bruised about the head and the shoulders and has several severe cuts.

Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Aikley, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

PARTY BOUND TO ONE THING

There seems to be a prevailing notion over the state that the recent Democratic victory carries with it some radical changes in the liquor law. We note that it is suggested that the victory means that the state is in favor of high license. Thus the Brazil Times says, in regard to the election:

"Are we to understand that it is an endorsement of the high license saloon? Who can answer? This endorsement of the Democratic platform was unequivocally for the ward and township unit. That party made no effort to side-step the issue, but came out squarely as it did two years ago for the smaller unit.

"The belief seems to prevail here that the majority of our people would favor the admittance of the saloon under high license, limiting the number to about eight or ten in this city, and confining them to narrow limits on Main street."

Ignoring the Time's mistake as to the unit, the Democratic platform having nothing to say of any unit smaller than the city, and expressly declaring against town and ward option, the implication that the Democratic party is bound to pass a high license law is ridiculous.

The Indianapolis News also suggests the same thing. The News says:

"The vote of Tuesday, demonstrates that the people of Indiana are not favorable to the present county option law, and are against state-wide prohibition. The people are anxious to have the liquor question out of politics and the general assembly will be asked not only to repeal the county option law, but to put in its place a law that will regulate the liquor business and eliminate it from politics.

As a matter of fact the Democratic party stands pledged, if it is pledged to anything, to pass a bill declaring for option "by townships, incorporated cities and the portions of townships lying outside such cities." There is no pledge for the repeal of the present option law, except as it may be done by implication through the passage of the township and city option law. There is no pledge for, in fact there is a definite pledge against high license unless this high license be made a condition in such communities as do not avail themselves of option and vote out the saloon. Where saloons exist high license would be desirable, but the party is pledged

against this as a substitution for option. Any attempt to pass anything but a township and city option law will relieve all Democrats from their pledges and there are numerous dry Democrats that will not stand for tampering with the platform. A high license bill must be passed by wet men in both parties. It is not part of the Democratic plan.

Saves an Iowa Man's Life.

The very grave seemed to have yawned before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice getting no help from other remedies or doctors, five bottles completely cured him. Its positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c at the Owl Drug Store and the Red Cross Pharmacy.

J. K. LANGDON HAS HARD FALL

J. K. Langdon had a fall Saturday morning at the interurban station that might have had serious results. He had stepped upon the west bound car to carry the baggage of Mrs. Beck, who had been visiting at the Langdon home and while on the car conductor Duff, needlessly, so it is said, started the car. In attempting to get off Mr. Langdon was thrown down and considerably bruised. It is said Duff was aware of the fact that Mr. Langdon was about to leave the car and that he remarked "he," Langdon, "Had no business on the car." This is in line with some of the actions of interurban conductors that needs looking into by "some one higher up."

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful lifesaver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Oh you "Mary of the Vine Clad Cottage."

Several Greencastle Republicans are not very busy because Senator Beveridge was defeated. Let's see, who is the postmaster?

Was Beveridge right?

The returns this year were slow but sure.

Ralph Moss has made good.

Several Republicans have been initiated into the "Down and Out Club."

Its a safe bet that Governor Marshall will now appoint a State House custodian.

And there are a few Republicans who say that if Roosevelt had not entered the fight in New York the state would have gone 200,000 Democratic. Well, that is a comforting way for Roosevelt's friends to view the situation.

President Taft now declares that he feels better than at any time since his election. He has, he believes, a chance to pass some really valuable legislation. All of which shows that even Taft recognizes the sterling worth of the Democratic congress just elected.

Prophecies are being made that before 1912 Taft will be the most popular man in this county. But after all, hasn't the recent vote proved that eleventh hour conversions are not popular with the people?

ple? And Taft's conversion is yet to come.

THE LESSON.

The pleasure that comes from a victory or the pain of a defeat should not blind either political party to the lessons of the election. Especially ought the Democratic party to read clearly the lesson of the election, also the record of the Democratic past. The Democratic party has just come into power in many states and in Indiana. They look forward to full power in the nation in 1912. That this may be so it behooves the Democratic parties of the various states to listen well to the voice of the people. In Indiana Governor Marshall is a sane leader of the party. His idea, dominating the state convention, made possible the nomination of John W. Kern, and contributed largely to the Democratic victory. We believe that leaders like Marshall should be listened to carefully, and that the advice of irresponsible members of the state committee and self-appointed directors not now in office of the party should be carefully pushed into the background. These men have none of the responsibility and desire only spoils. The Democratic party has no time to give to them. It is busy with the will of the people. The Republicans have just gone down because of broken promises and incompetent leadership. It is necessary that in state and nation the Democrats heed this lesson. The will of the responsible element of society, not the will of the spoilers, the huddlers and the hangers-on must be the will of the Democratic party if it would continue in power. It is time now for the Democratic party to listen.

TRUSTEES HAVE NOT REPORTED.

The clerk of the circuit court has notified us of an error on the part of township trustees in reporting election returns. The law requires that township trustees shall report to the clerk and certify to him the officers elected to the offices of justice of peace in the respective townships. Only about one third of the trustees have made their certificates to the clerk, though they are supposed to make such certificates within three days after the election. The clerk is anxious that the other certificates be made.

HENDRICKS OUT OF FIFTH DISTRICT

PROPOSAL TO REDISTRICT SO THAT SULLIVAN WILL BE IN FIFTH AND HENDRICKS IN FOURTH.

OWEN IN THE FOURTH, TOO

A study of the returns in the thirteen congressional districts of Indiana reveals the fact that the Fifth District is at present about as reliably Democratic as any in the state.

Only two other districts in the state exceed the plurality which Congressman Moss received in the Fifth and they are the old reliable Third, where Congressman Cox carried every county in his district by a total plurality of 6,495 and the Eighth—a former Republican district like the Fifth—where Congressman Adair piled up the splendid plurality of 6,807, carrying all the counties in his district but Randolph.

The remark made by the Terre Haute Star that the Fifth District was so safely Democratic that it would not be necessary for the approaching General Assembly to make any changes in this district when the state is redistricted in January would seem to be true but yet there is nothing like being on the safe side.

The Fifth has always been a safe Republican district by a good big majority until Ralph Moss ran for congress. A Republican legislature Gerrymandered it so it would be safely Republican under all circumstances, but they did not count on the Republicans voting the Democratic ticket when a good man was the candidate and this time the district was lost to them by the unusual plurality of 4,590—the third largest in the state.

It is possible that when the General Assembly gets down to business on the rearrangement of the congressional districts Hendricks county will be attached to the Fourth and Sullivan will be brought into the Fifth. Sullivan usually gives from 1,000 to 1,200 Democrat-

ic plurality, while Hendricks is normally Republican by 800. This would make a change of 2,000 votes in favor of the Democrats.

The Third and Fourth are always reliable Democratic from 4,000 to 6,000, hence Dubois with its 1,800 to 2,000 Democratic plurality could be dropped into the Second to take the place of Sullivan and the Second would then be more reliably Democratic than before. Some kind of a change would have to be made between the Third and Fourth and probably some of the Third's Democratic counties dropped into the First to help it along. This would leave us with the First, Second, Third, Fourth and Fifth Districts, covering the entire south half of the state, all safely Democratic.

The official count in the Fifth district show that Congressman Moss received a total vote of 25,857, while Tilley received but 21,267, a plurality of 4,590 for Moss. Congressman Moss received pluralities of 3,019 in Vigo; 1,295 in Clay; 591 in Putnam; 98 in Morgan and 77 in Vermillion. Tilley carried Hendricks by 331 and Parke by 144.—Brazil News.

SMALL BOY IS PAINFULLY INJURED

The 4-Year-Old Son of Mr. and Mrs. Lounsberry, Receives Dislocated Jaw and Other Injuries in Fall.

The 4-year-old son of Mr. and Mrs. Clarence Lounsberry, who live on Maple Heights, was seriously injured Wednesday, when the little fellow fell, striking his face on a bucket. The boy had been playing in the yard of his home and was running, when the accident occurred. The left side of his face struck the bucket. He received a dislocated jaw, severe cut under the chin and a cut entirely through his lower lip. Dr. Ayler was called and dressed the wounds.

Mrs. C. C. Coleman, Mrs. William Zeller, Mrs. Robin Stunkard, Mrs. Lucy Hawkins, Mrs. Rachael Hawkins, Mrs. William Ringo, Mrs. Marjory McCrimmon, Mrs. John Cross and Mrs. Simon Herr Monday went to Greencastle where they attended the celebration of the fiftieth anniversary of the woman's organized work in America for foreign missions, in the Woman's Hall of DePauw University. The local women were delighted with the meeting and the reception given by the Greencastle hostess.—Brazil Times.

PUTNAM CATTLE TOP THE MARKET

ALEX LOCKRIDGE SOLD 18 HEAD AT CHICAGO, MONDAY, FOR \$7.30 PER HUNDRED POUNDS.

WEIGHED 1614 LB. PER HEAD

Alex Lockridge has returned from Chicago, where he went to sell 119 head of beef cattle, which he shipped from here Sunday. Mr. Lockridge stated to the Herald this afternoon that he topped the Chicago market, yesterday, with 18 head, which brought \$7.50 per hundred pounds. The 18 head which brought the top price at the Chicago market for that day, weighed an average of 1614 lbs. The price given for this bunch is an exceptionally large one, for heavy cattle. Lighter choice cattle often bring a larger price, but it is seldom that cattle of the weight which were sold by Mr. Lockridge bring that price.

The entire bunch were sold on an average of \$7.10 per hundred lbs. which is a good price for so large a number. The average weight of the entire herd was about 1600 pounds.

INDIANA HAS AGREED ON DEBATING LEAGUE

Indiana has agreed to establish a debating league. DePauw and Wabash, according to Prof. R. W. Brown, chairman of the committee on public speaking, there has been considerable discussion over the formation of a league, but it is now made possible through the action of the local authorities. The objection of many was that Wabash and DePauw could not compete successfully with a school having a large enrollment as law. This has been overcome by agreeing to use only men who are candidates for the A. B. Degree in the law department. Brown has asked the Wabash authorities to consider the question of the league so that either approve or disapprove the plan.—Crawfordsville Journal.

CENSUS GIVES PUTNAM 20,520

LOSS OF 958 PEOPLE IN THE
PAST TEN YEARS IS SHOWN
BY LATEST ENUMERATION.

TWENTY YEARS AGO-22,335

Putnam county has lost 958 people in the past ten years. A telegram to the Herald Wed. afternoon from the United States Census Bureau gives the following figures as to the population of Putnam county.

The last census gives Putnam county 20,520 people. This is the thirteenth census. Ten years ago the twelfth census gave Putnam county 21,478. The eleventh census 20 years ago gave the county 22,335.

These figures show that the county has lost 958 people in the past ten years and 1,815 in the past 20 years.

Mr. and Mrs. I. S. Johnson left on Thursday for Florida where they will spend the winter.

Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of John Safe, deceased, to appear in the Putnam Circuit Court, held at Greencastle, Indiana, on the 12th day of December, 1910, and show cause, if any, why the Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship and receive their distributive shares.

Witness, The Clerk of said Court, this 14th day of November, 1910.

WASH THAT ITCH AWAY

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you knew that by washing in these waters you could be relieved from that awful Itch, wouldn't you make every effort to take a trip there at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is here in your own home town.

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and health as that of a child.

If you have not already tried it, get at least a 25 cent bottle today. We assure you of instant relief.

INDIANA

The Entire State Ticket Elected by the Democrats.

For Secretary of State—Low Ellingham, Decatur.

For Auditor of State—William H. O'Brien, Lawrenceburg.

For Treasurer of State—W. H. Wellmer, Vincennes.

For Attorney General—Thomas M. Honan, Seymour.

For Clerk of the Supreme Court—J. Fred France, Huntington.

For Superintendent of Public Instruction—Charles A. Greathouse, Indianapolis.

For State Physician—Thomas Broiley, North Vernon.

For Geologist—Edward Barrett, Plainfield.

For Judge Supreme Court, Second District—Douglas Morris, Rushville.

For Judge Supreme Court, Third District—Charles E. Cox, Indianapolis.

For Judge Appellate Court, Northern District—Joseph B. Hammond, M. E. Lairy, Logansport; Andrew Adams, Columbia City.

For Judge Appellate Court, Southern District—M. B. Hottel, Salem; E. W. Felt, Greenfield.

By majorities ranging around 15,000 the Democrats of Indiana elected the above ticket Tuesday. Without the official count, the returns show that the next general assembly will be Democratic on joint ballot by a majority of thirty-three, which insures the election of John W. Kern to the United States senate.

Unofficial returns show that the Indiana delegation in congress will be twelve Democrats and one Republican, and Congressman Crumpacker, who is elected in the Tenth district, got in by a plurality much smaller than the more than 6,000 given him two years ago. The Democrats elected to congress were: John W. Boehne, William A. Cullip, William E. Cox, Lincoln Dixon, Ralph W. Moss, Finley H. Gray, Charles A. Korbly, John A. M. Adair, Martin A. Morrison, George W. Rauch, Cyrus Cline, Henry A. Barnhart.

It appears from the returns that the constitutional amendment fixing the qualifications for attorneys was lost, as indicated in Marion county, where the amendment polled only about one-tenth of the vote. The returns from out in the state indicate that even less interest was taken in it than was shown in Marion county.

Marion county has gone Democratic by 2,500 to 3,000, all the offices, including representative in congress from the Seventh district, composed of Marion county alone, going to the Democrats.

DEMOCRACY ADVANCE

Will Have House of Representatives.

LARGE GAINS IN EAST

New York, Massachusetts, Connecticut and New Jersey

Democratic.

INDIANA AND OHIO THE SAME

First Victory in the Country at Large Since Cleveland's Last Election.

Washington, Nov. 10.—Throughout the life of the sixty-second congress President Taft will be threatened by the opposition of both branches of the national legislature. This is clearly indicated in the returns of Tuesday's elections, and is a matter of grave concern to administration leaders. In the new congress the house will be Democratic by a majority of fifty-six. A gain of nine Democratic votes will in all likelihood be registered in the senate. The present Republican majority in the senate is twenty-six. The election of nine Democrats to take the place of Republicans reduces the Republican majority to eight. The indications are that the Democrats will elect one senator in each of the following states: New York, New Jersey, Ohio, Indiana, Nebraska, Missouri, Nevada, West Virginia and Maine. The senate therefore in the new congress will stand fifty Republicans and forty-two Democrats. There is in the senate now and will be in the sixty-second congress, a group of militant insurgents. Six of these insurgents joining with the Democrats would reduce the regular Republican leadership. The Republicans who may be expected to join with the Democrats on occasions are La Follette, Cummins, Bristow, Chapp and possibly Borah. There are other Republican senators who it is expected may in connection with certain classes of legislation join the Democrats and take away control from the responsible Republican leadership. They are Brown of Nebraska, Crawford of South Dakota and Nelson of Minnesota. In addition it is pointed

out here that Miles Poindexter of Washington and Asie J. Grona of North Dakota, who now represent their states in the house and are to go to the senate, are insurgents of the most radical type. Judging from their past records, they are likely to join with the Democrats on the slightest provocation.

While administration leaders are making no comment for publication, they admit privately that the Democratic house and a senate that may at times be in control of a majority composed of Democratic and progressive Republicans, will doubtless make it impossible for the president to put through his legislative program.

President Taft has left for Panama and will return Nov. 28. It was known for some weeks that the president and his advisers were fearful of a Democratic landslide. They gave consideration to a plan of reorganization, and statements have been made that the leadership be entrusted to a man who would give all his time to the work of repairing an organization that is now badly battered. The subject will be further discussed on the return from Panama. A conference will be held at the time, and it is the understanding here that all factions of the party will be invited to take part. In the meantime Mr. Taft, as the titular head of the party, will bend every effort to heading the differences among the Republicans.

Politicians have look forward to a

reduced pluralities. The Republicans lost every member of congress in Greater New York except W. M. Calder in Brooklyn. The legislature on joint ballot will be Democratic, thus insuring a successor to Chauncey M. Depew of like political faith.

The vote is perhaps the most surprising feature of the election. More than 150,000 electors remained away from the polls. Dix, although triumphant by 60,000 plurality, received 40,000 votes less than Chandler. He received fewer votes than Hearst got two years before Chandler ran, and fewer votes than Herrick two years before Hearst. Stimson got not within 100,000 of the vote that went to Hughes two years ago, and hardly within 90,000 of the vote that went to Higgins six years ago. Dix carried Oyster Bay and Mr. Roosevelt's election district by a handsome majority.

OHIO.

The Democrats Again Elect Governor, but Fail on Rest of Ticket.

Columbus—By being elected governor of Ohio for a second term, Judson Harmon performed a feat which has not been witnessed since Governor Reuben Wood was re-elected in 1851.

Harmon had been elected by a plurality of 40,000 over Warren G. Harding. Harmon carried the big cities, as was expected, Harding falling behind the vote for ex-Governor Harris, Harmon's former opponent, in most of the smaller counties.

For the third time in succession electing a governor, the Democrats have again failed to elect the balance of their state ticket, although it is certain that the legislature will be Democratic on joint ballot, resulting in the election of a Democrat to succeed Senator Charles Dick. Eight Republican congressional districts were captured by the Democrats, cutting down the Republican representation in congress from thirteen to five.

CALIFORNIA.

San Francisco—The Republicans carried California and indications point to a plurality of 20,000 for Hiram W. Johnson, the Republican candidate for governor, over Theodore Bell, his Democratic opponent.

WASHINGTON.

Seattle—Washington has elected a Republican legislature pledged to the election of Miles Poindexter, insurgent Republican, as United States senator to succeed Piles.

OKLAHOMA.

Oklahoma City—Lee Cruce, Democratic nominee for governor, and the entire Democratic state ticket, have been elected by about 20,000.

KANSAS.

Topeka—The Democratic committee claim the election of Hodges for governor and three Democrats for congress.

NEW YORK.

John A. Dix carries the State by About 60,000.

New York—New York state was carried for the Democratic ticket by about 60,000 plurality for the head of the ticket, John A. Dix. The rest of the Democratic state ticket is elected by

about eight over the speakership when the Democrats assemble in Washington in December, 1911, to organize the house. The New York contingent in congress is expected to launch a speakership boom as an offset to that of Champ Clark. Among politicians here the belief is expressed that Governor-Elect Woodrow Wilson of New Jersey looms up as the strongest contender for Democratic presidential honors.

SAVING TO HOG RAISERS.

It Has Been Demonstrated That Hog Cholera Serum is Practical Method of Prevention of Disease.

The Bureau of Animal Industry of the Agriculture Department has demonstrated that hog cholera serum, if properly applied, will result in the saving of millions of dollars to the farmers and hog raisers of the United States.

A successful demonstration of the value of the new government serum for preventing hog cholera has been concluded at South Omaha, Nebraska where in co-operation with the Union Stock Yard company, it was severely tested and proved to be satisfactory in every instance. The stock yards company purchased thirty pigs which weighed from forty to sixty pounds each. They were obtained from a farm that had been free from hog cholera for many years.

Four of these were inoculated with blood from hogs suffering with cholera and isolated in a pen by themselves. Within five days they were, according to a report issued by the department, very sick pigs. Eighteen of the remaining hogs were then inoculated with the serum while the other eight were not treated in any way. All were then put in the same pen. As a result of this experiment the four which were inoculated with the blood of the cholera hogs died; the eight untreated and apparently healthy hogs all contracted the disease. The eighteen which were given the serum and had been penned with the cholera hogs remained perfectly well and were turned over to the officials of the stock yards upon the completion of the experiment.

Experts from the Nebraska Agricultural Experiment Station and from the Nebraska Swine Breeders' association witnessed the experiment and all were convinced of the thoroughness of the experiment and its satisfactory results.

The department does not distribute this serum to farmers, but is endeavoring to bring the value of this method to the attention of the stock raising interests, in order to secure state legislation for the manufacture and distribution of the serum.

GOVERNOR MARSHALL ISSUES PROCLAMATION

The never-ending procession of the season has brought the people of Indiana again to their harvest home. The common parent of us all has poured from her lap the corn and wine and oil of fertile fields and fruitful vineyards. Perhaps her children have been more greedy than generous, and the divine destiny of man may yet be afar off. Systems of government and human distribution of the products of the sunshine and rain still remain imperfect. As yet we see our brother through a glass darkly, yet more clearly with the passing years. All the order of our lives changes from day to day, but one thing remains eternally the same—the gracious goodness of God hath failed us never in seed nor in garnered grain.

It is meet that Indiana bows again her forehead to the ground and reverently acknowledges that He is good and that His mercy endureth. Let us remember that it is the spirit of brotherhood and not whole-burnt offerings which He desires. Let him that hath an abundance consider his stewardship, and him that hath less trust Him who noeth the sparrow's fall.

And to the end all may renew their allegiance and give thanks to our country's God, in conformity with state and national usage, I, Thomas R. Marshall, Governor of the State of Indiana, do recommend that upon Thursday, November 24, 1910, the day by law and custom set apart as Thanksgiving day, the people of Indiana wholeheartedly thank Him for that he hath not so far dealt thus with any people.

In testimony whereof, I have hereunto set my hand and caused to be affixed the great seal of the State of Indiana, at the Capitol in the city of Indianapolis, this 19th day of November, in the year of grace nineteen hundred ten and of the independence of the United States the one hundred and thirty-fifth.

By the Governor: THOMAS R. MARSHALL.

Fred A. Smis, Secretary of State.

DEPAUW STUDENT DEAD OF TYPHOID

END COMES TO WILLIAM NEET, WHO WAS TAKEN TO HIS HOME IN WARRENSBURG, MO TELEGRAM ANNOUNCED THE DEATH.

WAS MEMBER OF PHI GAM

The death of William Neet, the Phi Gam, who was taken ill with typhoid fever, at the Phi Gam house, on October 28, and taken to his home, occurred at his home in Warrensburg, Sunday evening.

Dr. McConnell received a telegram from the young man's father, Jacob Neet, early Mon. morning informing him of his son's death, but did not state at what time the funeral services would be held. Telegrams were immediately sent inquiring as to the funeral arrangements. Russell Swank, one of Mr. Neet's fraternity brothers left Mon. noon for Warrensburg and one of the members of the faculty left later that evening to attend the funeral.

Mr. Neet was one of the three students who roomed at the Phi Gam house, that were taken ill with typhoid on October 28. The other two, Marion Hedges and Porter McCoy were taken to the Methodist Hospital at Indianapolis. McCoy has practically recovered and probably will return here this week. Hedges is still confined to his room in the hospital, but is much improved and probably will soon be able to leave the hospital.

President McConnell received a telegram late Mon. afternoon stating that the funeral would be held Wednesday afternoon at 2 o'clock.

WILLS FILED FOR PROBATE.

Last Wishes of Francis A. Kenbedy and Mandy A. Devore Now Before the Court.

Two wills have been filed and probated in the Putnam Circuit Court. The first is the will of Mandy A. Devore, which was filed on Saturday. It will be remembered that Mrs. Devore died some time since, and that letters of administration were taken out upon the estate. Since that time a will has been found and is now probated. The will gives to Henry T. Martin and Russell E. Martin, the two sons, each one seventh of the estate, both real and personal. To the daughters, Mary J. Hadden, Nancy A. Sackett and Amelia R. Mercy each one-seventh of the estate. To the grand-children, John Dunkin, Sherman Dunkin and Lee Dunkin, one-seventh of the estate. To the grand-children William Inge and Lottie McCarty one-seventh of the estate.

Nancy Sackett and Henry Martin have been appointed administrators with the will annexed.

The second will filed Monday morning, is that of Francis A. Kenbedy. The will leaves the household goods to Maggie Kennedy, the widow with the statement that she has already received \$12,000 in money and other gifts. To James M. Kennedy, son, real estate in Iowa. To the grandson, Grove C. Kennedy, land in Iowa. Real estate in Russell township, Putnam county is to be divided between the three heirs in equal proportion. Robert M. Foster is named as executor.

DEATH OF WELL KNOWN CLOVERDALE WOMAN.

The death of Mrs. Dennis Williams, of Cloverdale Township, age 30 years, occurred at her home late Wednesday afternoon, after a short illness of pneumonia. The funeral services were held at the home Friday afternoon. Mrs. Williams is survived by a husband, one daughter, aged 8 years and a 3 weeks old baby. Mrs. Williams was well known through out Putnam county and was one of the most respected young women in Cloverdale township.

NOTICE

Petition to Improve a Highway

Notice is hereby given by the undersigned Auditor of Putnam County, Indiana, that there has been filed in his office a petition by Joseph Moler, et al., for the improvement of a certain public highway in Clinton Township, said County and that said petition is set for hearing before the Board of County Commissioners of said County, on Monday, the 5th day of December, 1910, the same being the first day of the December Term, 1910, of said board.

Which said petition is in the following words and figures, to-wit:

State of Indiana, Putnam county, SS:

In the Court of the Board of Commissioners of Putnam County.

To the Hon. Board of Commissioners of Putnam County, Indiana:

NOTICE

Petition to Improve a Highway.

Notice is hereby given by the undersigned Auditor of Putnam County, Indiana that there has been filed in his office a petition by George Landes, et al., for the improvement of a certain public highway in Greencastle Township, said County and that said petition is set for hearing before the Board of County Commissioners of said County, on Monday, the 5th day of December, 1910, the same being the first day of the December term, 1910, of said board.

Which said petition is in the following words and figures, to-wit:

State of Indiana, Putnam county, SS:

To the Board of Commissioners of said County.

The undersigned petitioners would respectfully represent and show to said board that they are free holders and legal and qualified voters of Greencastle Township in said county and state and that they own real-estate in said township which will be liable for assessment for the improvement herein asked.

These petitioners would respectfully ask that the following described highway in said township as follows:

Commencing at the point of intersection of the Greencastle and Mt. Meridian improved public highway with the improved public road known as the Farmer Road, which point of intersection is located in section 25, Township fourteen (14) North, Range four (4) West in Putnam County Indiana; thence eastwardly with the course of said Farmer Road to its point of intersection with the east line of Greencastle Township in said county and state; being of the estimated length of three eighth of a mile, be improved.

Said petitioners ask that said part of the Farmer Road so described be improved to the width of thirty-three feet by grading, draining, bridging and graveling. Said petitioners further show that said Farmer Road so above described and asked to be improved begins in an improved public county road and terminates at a township line and that it will be of great public utility to so improve the same. That said portion of highway so asked to be improved is less than three miles in length and we ask that the same be ordered improved under the law without submitting the question to the voters of said township.

Wherefore we ask that an order and all steps be taken to improve the same as provided by law.

Does Not Stimulate

Ayer's Sarsaparilla does not stimulate. It does not make you feel better one day, then as bad as ever the next. It is not a strong drink. No reaction after you stop using it. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic and alternative. We wish you would ask your doctor about this. He knows. Trust him. Do as he says. J. C. Ayer Co., Lowell, Mass.

What are Ayer's Pills? Liver Pills. How long have they been sold? Nearly sixty years. Do doctors recommend them? Ask your own doctor and find out.
